Committee Garrison requested information regarding the use of the '\$1-million-dollar ramp', whether it was a ramp to nowhere.

CEO Boyer explained the ramp is of use as it is an additional service entrance into downtown and assists with traffic relief. The development capacity is impacted without the removal of the ramp.

Committee Chair Citrano inquired if the revenue from the garages was a result of the restructuring completed downtown.

CEO Boyer confirmed this is correct as well as additional funding being accredited from downtown events.

CEO Boyer spoke to the specifics of the Expenditures Budget. She explained the outstanding financial obligations on River's Edge that are expected to return within the next fiscal year.

Committee Chair Citrano expressed concern regarding the effect of vacancies on terms of agreements made with applicants. In addition, he inquired if there is a tracking system for the number of Downtown employees as there is for residents.

CEO Boyer confirmed the impact COVID has had on the operations of downtown businesses. She stated there is data provided for residency, employees and the people via event traffic. It has been determined the numbers in the people frequenting has surpassed pre-COVID levels. There are discussions of developing Commercial properties into residential to overcome the vacancy issue that remains in downtown.

Board Member Garrison suggested the applicants should show up for the Committee meetings when they are requesting grants and incentives from the Downtown Investment Authority.

CEO Boyer is not opposed to the idea of having applicants come in person to represent and answer the Board's inquiries.

Committee Chair Citrano agrees, having the applicant(s) present would be assist with the decisions making process for the Board. Agrees to table the matter until the next Board meeting for further discussion. He recognized Joe Hassan's attendance in the Committee meeting.

Fiscal Year 23-24 Northbank and Southside Proposed Budget Adjustments

Please find attached the revised FY23-24 budgets for the Northbank and Southside Community Redevelopment Areas. The budgets are being revised due to additional revenue projections received from the Property Appraiser's Office that in each case exceeded the \$100,000.00 variance allowed by Resolutions 2023-04-03 and 2023-04-04. In reference to the Northbank CRA, there is also additional revenue from the Lynch Debt Repayment included in the revision. The Revenue and Expense lines that are changing are highlighted in yellow on the Exhibit. A summary is provided below with details:

Northbank CRA (Exhibit A)

Revenue

- The Property Taxes are showing an increase over the previous projection in both the Northwest TID and Northeast TID of \$810,015.00, bringing the total to \$13,700,000.00.
- Lynch Loan Debt Repayment amount was renegotiated and an increase from \$595,236.00, as approved in the Resolution adopted in April 2023 to \$800,000.00; and increase of **\$204,764.00**.

Expenses

- The Shipyards West CRA Project was increased by \$1,000,000.00 from \$5,000,000.00 to \$6,000,000.00 due to anticipated construction costs provided by the design consultant.
- The NB Unallocated Plan Expenditures increased by \$14,783.74, bringing the total to \$769,756.04. This amount is higher than normal to account for the potential variation in final assessments.
